BLACKVOTERS.ORG

2006 General Election - Pocket Voter Guide

Sponsorship/Advertising Form

BlackVoters.Org is a non-profit, non-partisan group founded by a coalition of concerned Californians from all walks of life who wish to see every one vote. But we can not do it alone.

That's why we seek partnerships from political, spiritual and business leaders of all stripes to help us reverse the disturbing trend of voter apathy that plagues the black community.

Working collectively, we know we can achieve our goals and bring Black Californians together as one unified voice.

Your message will help us reach Californians of all types – professionals, laborers, technicians, teachers, students, firefighters, peace officers, the elderly and more – to encourage them to vote.

We need your help!
